

At the heart of Saints Peter and Paul was a desire to do as Jesus commanded. Before Jesus ascended into heaven, He commanded his disciples to “Go therefore and make disciples of all the nations (Matthew 28:19).” Saint Peter guided the Church in the early days as the first Pope. Saint Paul traveled the known world proclaiming the Gospel. Inspired by the life our patrons, Saints Peter and Paul Catholic School offers a place of discipleship. Our school fosters faithfulness to Jesus Christ by calling forth the goodness, beauty, and truth of every student, parent, and teacher. Our pursuit of a quality faith-based education flows from our belief that every person is given extraordinary gifts from God.

Each parent, student, and teacher has been uniquely made by Our Father with gifts and talents that helps our world thrive. The mutual cooperation between teacher and parents to help every student succeed is a fundamental part our school. Our pursuit of academic excellence walks hand and hand with our pursuit of building the virtues necessary to apply what is learned in the classroom to the joys and struggles of everyday life. The formation of students that are courageous, compassionate, wise, and prudent ensures that their success extends far past their time at Saints Peter and Paul and far past the classroom.

Please know of our prayers for you and if at any time you wish to discuss joining our school community and helping your child thrive and discover their extraordinary gifts please do not hesitate to reach out.

Peace in Christ,
Fr. Andrew
